TRIAL TECHNICAL OFFER — NOT FACTORY DATA

This file was created only so inquiry INQ-20261019-INM4 can pass the technical-offer attachment gate.
Every blank line below must be replaced by the Technical Office before this sheet is treated as a datasheet.
No resistance, current rating, test voltage, or construction figure was invented.

Known from Cable Master

Material number: 10009495
Item code: ICO193X101C0002
Description: Cu / XLPE / LSHF 0.6/1 kV 1X185 mm2 RMC IEC 60502-1
Family: LV
Voltage: 0.6/1 kV
Conductor: —
Size: —
Cores: —
Insulation: —
Screen: —
Armour: —
Sheath: —
Sheath colour: —
Core colour: —
Standard: —
Diameter: 24.2
Weight: 2009

This inquiry line only

Inquiry line description: Cu / XLPE / LSHF 0.6/1 kV 1X185 mm2 RMC IEC 60502-1
Cutting length (m): 500
Drums: 1
Drum code on the line: EWD1100-0
Tolerance (%): 5

Required from Technical Office — left blank on purpose

Conductor resistance: [FACTORY DATA REQUIRED]
Current rating: [FACTORY DATA REQUIRED]
Test voltage: [FACTORY DATA REQUIRED]
Bending radius: [FACTORY DATA REQUIRED]
Flame / smoke / halogen test result: [FACTORY DATA REQUIRED]
Construction drawing or cross-section: [FACTORY DATA REQUIRED]
Approved core colours: [FACTORY DATA REQUIRED]
Datasheet number, revision, and approval date: [FACTORY DATA REQUIRED]
